# CHAIRS & RECLINERS

## HT RECLINER

### **DreamSeat**

Combines contemporary design with the ultimate comfort from a fully reclining frame with lumbar and full leg support. It features top grain leather or high-quality synthetic leather in all touch areas. Modular designs, storage arms, and removable table are available on HT Plus.

## PHANTOMX TASK CHAIR

### **DreamSeat**

Designed to provide maximum ergonomic comfort, the Phantom properly supports your weight while aiding with posture and supporting your lumbar region. The Phantom's mesh back and seat cradle your body while keeping you cool with added air flow and temperature regulation. Keeping your spine in alignment and continuously supporting the lower back, the seat is adjustable forward or back to provide the perfect seat depth and distance from the backrest, and the added headrest supplies full height support and neck relief.

## SLED CHAIR

### **DreamSeat**

Perfect for any office, or conference room the Sled Chair provides comfort in a durable and compact package. The patented XZipit system provides endless logo options on the front and back of the chair.
